Dear Parents and Carers

Re: New Initiative Launched to help Homes in Maldon District be Warmer, Greener and Save on Fuel Bills this Winter

I hope this correspondence following recent energy price increases reaches you in good time to hopefully allow you to take advantage of the grant scheme highlighted below. I also trust it finds you in good spirits and very well.

We are a community-centred academy that is always keen to support the many families associated with us. Therefore, we see it as an essential part of our continuing commitment to you as lifelong member of the Plume Family, to raise and share information that we hope proves useful and of benefit. Therefore, with this very much in mind, the following linked guidance has been received from Maldon District Council and may help you to keep warmer in your homes this winter, lower your carbon emissions, and save money on your fuel bills at the same time. Therefore, please click on the link to see if you are eligible for a grant to greatly assist in achieving this:

<https://surveys.est.org.uk/s/GreenHomesGrantSchemeLAD/>

In the meantime, may I take this opportunity to thank you for your ongoing excellent support and efforts to help local families in need. Tesco and their charity partners 'FareShare' and 'The Trussell Trust' also thank our parents and carers for their very generous food and essential item donations for financially challenged families living locally. They rely on the generosity shown by you and yesterday, Mr Wakefield officially handed over what has been donated to date to our Tesco Community Champion, and one of our own parents, Mrs Rhian Oakley.

Plume Academy is honoured to be associated with this excellent and important initiative.

Yours sincerely

Mr C Barton
