Homework

- Homework timetables
- 25 minutes per set homework
- Teachers will adopt a pragmatic approach to homework, with reasonable timeframes for completion
- Homework is set via an online system, Satchel One, which parents/carers can access
- The same online system is also used to inform parents/carers of rewards that their child receive.

Assessment at Plume Academy

- There is no ceiling on attainment.
- Cognitive Ability Tests (CAT) September.
- Performance in these tests produces a likely bracket of attainment.
- Our students, at Key Stage 3, receive attainment grades A-E in each subject, each term.
- Based on the results of the CATs tests, it will be determined what constitutes 'good' progress for your child.
- On your child's individual report, the grade will be shaded green, amber, red, depending on whether the grade constitutes good progress for them.
- Every child is different this system recognises this as does our reward system, which is based on progress relative to your child's personal starting point.

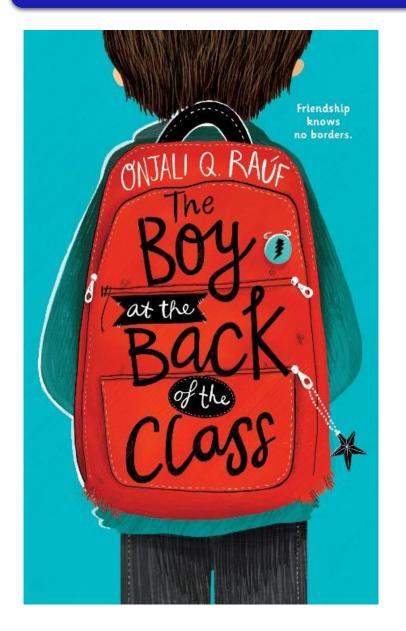

Monitoring Progress

- Behaviour For Learning Report (October/November)
- Three 'Attainment' Reports (one per term)
- Parents and Carers Evening annually

Parents and carers are welcome to contact their child's teacher to discuss progress; they do not need to wait until a formal monitoring point or the annual Parents' Consultation Evening.

The Summer Reading Challenge
